RAMADIAN ARDITAMA HARIANTO

UNDERGRADUATE BACHELOR OF INFORMATION AND COMMUNICATION TECHNOLOGY STUDENT

PROFILE

Passionate about information technology, Internet of Things, and computer data science. I enjoy connecting with new people and build new relations. Beside pursuing my degree, i also look for new opportunities by giving my contribution through organizational experiences that also enchance my teamwork, communication, and programming skills. Through some project works in my latest experience as Programmer at KRTMI Team of Team Robotics University of Indonesia, i have developed abilities in the field of team work, leading, and looking for solution.
